KARITÉ

We manufacture our Karité soaps in the tradition of Provençal soap making in France.

Only organic vegetable oils are used in the saponification process to make the soaps. In the final processing the soap is finished with organic sheabutter and, depending on the variety, with perfume or essential oil.

All our soaps are free from animal fats.

You can choose between 20 fragrances. Most of our soaps are COSMOS ORGANIC certified and vegan.

ARGAN

Our argan soaps are finished with nourishing organic argan oil and organic argan seeds from Morocco.

The addition of finely ground argan kernels promotes a beneficial peeling effect and fine foaming.

Available in the scents rose, verbena and lavender.
